

## TINE Skolelyst: flexible ordering of food and drink for school meals

The school milk program has been extended to include more than school milk, and we have now changed the name to TINE Skolelyst.

With Skolelyst we are ready to provide food and drinks throughout the school day. It is now possible to order a variety of things for school meals:

- **Milk**
- **Fruit beverage**
- **Smoothie**
- **Yoghurt**
- **Porridge**
- **Frukt and vegetables** (currently only in Eastern Norway)

The order solution has become more flexible. Now you can arrange the week the way you want and adapt the order to your child's needs.

Payments are also more flexible than before, you choose if you want to pay the full amount right away or a little each month.
